

This exploded view diagram illustrates the assembly of a Hitachi K750X vacuum cleaner. The components are numbered as follows:

- Motor and Drive Assembly:** Includes the motor (1), drive shaft (2), and various gears and bearings (3-13).
- Cyclone and Dust Container:** Features the cyclone (38), dust container (40), and associated seals and fasteners (14-19, 20-24, 26-28, 30-37, 39-43, 45-48).
- Base and Suction System:** Shows the base plate (49), suction tube (50), and various connectors and seals (51-55, 57-61, 63-65, 67-71, 73-76, 78-81, 83-86, 88-91, 93-98, 100-101).
- Accessories:** A separate box labeled '付属品' (Accessories) contains two cylindrical filters, 60 and 61.

The diagram also shows the main body of the vacuum cleaner (62) with the 'HITACHI' logo and various mounting points for the components.
